

# Watt's New

JUNE 2025

**Vernon Electric Cooperative**

*"Information for our members."*

## Monthly Co-op

### May Trivia:

Digger's Hotline provides a free service to help homeowners and contractors locate underground utilities. For safety purposes, what number should you call before you dig?

**Answer:** 811

### June Trivia:

True or False: Digger's Hotline will locate underground wires between the meter and your house and/or buildings?

*(See next month's newsletter for answer.)*

## Celebrate June Dairy Month with Us!

**June is Dairy Month** — a time to recognize and celebrate the hardworking farm families who keep Wisconsin America's Dairyland. Vernon Electric Cooperative is proud to honor the deep-rooted dairy heritage of our community throughout the entire month of June.

### Member Appreciation Picnic – June 11

Kick off the festivities by joining us for our Joint Member Appreciation Picnic with VernonCom on Wednesday, June 11, at the Readstown Tourist Park. Join us from 11:00 a.m. to 1:00 p.m. for a casual picnic lunch as we celebrate you — our valued members — and the strong cooperative spirit that connects us. It's our way of saying thank you for your continued support!

### Dairy Breakfast at the Lepke Farm – June 14

Saturday, June 14, head out to the Mark and Theresa Lepke farm for this year's Dairy Breakfast. Enjoy a hearty farm-style breakfast, visit with neighbors, and show your support for our local dairy farmers. There's no better way to celebrate June Dairy Month than gathering together in the spirit of community and agriculture.

### Stop In for a Dairy-Themed Treat!

Throughout June, Vernon Electric Cooperative will also be offering a special dairy-themed treat at our office. Whether you're stopping by to pay a bill, ask a question, or just to say hello, be sure to grab a treat and join us in saluting the dairy farmers who contribute so much to our way of life. Follow our Facebook page for the treat-of-the-week.

**Let's celebrate our dairy roots** — from the family farms to the breakfast tables. We look forward to seeing you at the picnic on June 11, at the Dairy Breakfast on June 14, and in our office all month long!

# VEC's Most Wanted List

Vernon Electric Co-op has individuals who have money owed to them from capital credits they've accumulated over the years as co-op members. Capital credit checks issued to these former members have been returned to our office because the address on file is no longer valid. It is likely that many of these people have moved off Vernon Electric lines and neglected to leave us a forwarding address or contact. If you recognize someone on this list, please have them contact our office so we can update our records and see that they receive their checks.

## Stay safe by following these simple tips:

- Keep your grill clean by removing grease or fat buildup from grates and trays.
- Place the grill on a stable surface, away from homes, deck railings and overhanging branches.
- Keep children and pets at least three feet away.
- Never leave an active grill unattended.
- Use propane and charcoal grills outdoors only, to prevent fire hazards and carbon monoxide poisoning.

## HEAT UP THE GRILL

TO SAVE ENERGY THIS SUMMER

Using your grill in the great outdoors helps lower your energy bill. If you cook outside, less energy is needed to cool your kitchen.
